College: Lafayette College, Easton, PA

I am currently a high school graduate from Manhattan Village Academy. Throughout my high school career, I have participated in many academic/social programs such as Sponsor of Educational Opportunity (SEO) and Teen Program at WHEDco. These programs are renowned for helping low-income students like myself with the resources and services they need to succeed in high school and become college graduates. I am looking forward to succeeding in college so I can give back to my community.
