

My name is Stephanie Kusi, and I recently graduated from University Heights High School. In fall 2021, I plan on majoring in nursing, at NYU, with my dream goal of becoming a NICU nurse practitioner extending my care and aide to children. Thanks to you, I am one step closer to this goal. Thank you once again for your generosity, your help, and your support. Donors like you make life brighter for us. I promise you I will work hard to give back as a NICU nurse, and a scholarship for future students like myself.
